Personnel and Policy*

Mr. Erik Wright
*Assistant Superintendent
of Curriculum and Student Support*

November 10, 2020

Dear Parents and Guardians:

The Beacon City School District is committed to providing your children with a high-quality education, embracing changes that meet their diverse academic and social needs, and forging strong relationships with our community. It's important work, and your involvement is critical.

That's why I'm asking you to participate in our Diagnostic Tool for School and District Effectiveness (DTSDE) Survey, which is open Thursday, November 12, 2020 through Friday, November 20, 2020. Survey questions address systems and organization, school leadership, curriculum, instruction, social-emotional learning, and parent and community engagement. We see this survey it as an opportunity to have a community-wide conversation about how we can provide your children with the skills and support they need to reach their full potential.

The online survey is compatible with any computer, tablet, or smartphone. You will receive an email invitation and survey link. Paper surveys are available in the front offices of all district schools. The survey is offered in English and Spanish.

We're also asking teachers in grades K-8 and students in grades 3-8 from Rombout Middle School and Sargent Elementary School to take the survey. We will provide time for students to participate at school. In the springtime, a districtwide survey will be distributed.

All survey responses are strictly confidential. We're partnering with independent research and communications firm K12 Insight to administer the survey and compile the results. No one from the district will know who participates or how they respond, so please be candid.

By partnering with you, I know we can set up every student for success. Thank you for your continued support of the Beacon City School District.

Sincerely,

Brian Archer
Principal
Sargent Elementary School
